## NEW THEORY GIVEN OF SWOPE'S DEATH

**Was Addicted to Use of  
Medicine Containing  
Strychnine.**

KANSAS CITY, Mo., Feb. 8.—Discussion is heard on every side today of the theory that Colonel Thomas H. Swope, the millionaire who was thought to have been poisoned, may have died from constant use of medicines containing strychnine.

The theory was advocated after testimony was given yesterday by Miss Pearl Keller, Colonel Swope's nurse, that he had been in the habit of taking a proprietary medicine containing strychnine, among other ingredients, and that he took it up to a few days of his death.

Miss Keller cared for Colonel Swope from September 12 until the day of his death. She testified that the millionaire took the mixture daily in addition to the treatment given him by Dr. B. C. Hyde.

### Other Similar Testimony.

Previously, in a deposition taken in a damage suit of Dr. B. C. Hyde against an attorney and two physicians who are interested in the Swope investigation, S. W. Frazier, office partner of Colonel Swope, testified that Colonel Swope took a patent medicine containing strychnine while at his office.

Eight witnesses besides Miss Keller testified during the day. Dr. E. L. Stewart testified that while he had no part in the autopsy other than writing down the records, he knew that no hemorrhage of the brain visible to the naked eye was found. Colonel Swope was supposed to have died from apoplexy.

The inquest brought together for the first time in several weeks members of the Swope household and Dr. B. C. Hyde. Mrs. Logan H. Swope and her daughters, Miss Lucy Lee Swope, Miss Sarah Swope and Miss Margaret Swope, sat on one side of the room with their attorneys, while Dr. Hyde and his attorneys were on the other.

### No Sign of Recognition.

There was no sign of recognition between the two parties. Mrs. Hyde was not present. Her husband explained that she was ill.

Mrs. Swope and Miss Keller were served with subpoenas by an attorney from the office of Frank P. Walsh, Dr. Hyde's attorney, to appear and give their depositions in the libel suits brought by Dr. Hyde against John G. Paxton, the attorney, and Drs. Frank Hall and Edward L. Stewart. Attorneys have been attempting to serve the subpoenas for a week.

Dr. Hyde has filed a new suit for \$100,000 for alleged slander against Paxton and service was obtained upon the attorney at the inquest. The original suit against Mr. Paxton was dismissed by Dr. Hyde in order to keep from giving his deposition before the inquest over the body of Colonel Swope began.

### HATS ARE NEEDED MORE THAN SHOES

**Demand for Footwear Supplied  
At Dave Wolf's Old  
Stand.**

The people of the District will need more hats than shoes during the next few months, say the experts who provide those things. This statement is based upon the fact that there are few people in the city who did not attend the big sale of shoes that is in progress at Dave Wolf's old stand, Seventh and I streets northwest, this morning.

Mr. Wolf is to retire from business at his present location, to make way for the Gans Company, and that concern's millinery establishment. The crowds that have been attracted to his shop by the publication of the sale have necessitated the engagement of extra salespeople. The sale will continue ten days.

Accidentally overcome by inhaling illuminating gas, Hazel Hughes, fifteen years old, was found in an unconscious condition this morning in his room, at 811 T street northwest. The boy was taken to the Emergency Hospital, where it was said he would recover.

The boy said he got up during the night and, after turning on the gas, was seized with an attack of vertigo before he had a chance to strike a match. He was found by members of his family, who were awakened by the odor of the gas.

## SWORD PRESENTED TO COLONEL HALSEY

**Washington Correspondents  
Show Appreciation of  
Honor Conferred.**

Edwin A. Halsey, assistant superintendent of the Senate Press Gallery, today is decorated with a magnificent sword and scabbard, the gift of the Washington corps of correspondents, to commemorate the appointment of Mr. Halsey as a colonel on the staff of Governor William Hodges Mann, of Virginia.

The presentation came wholly as a surprise to Colonel Halsey, who was commanded to stand at attention among about three score correspondents who gathered in the gallery yesterday afternoon. Edward B. Clark, of the Chicago Evening Post, then stepped forward and presented the gold-mounted and appropriately engraved sword, which is of the regulation make. Mr. Clark en-

joined the newly appointed young colonel that the weapon must never be drawn except in defense of country, fair women, or the Washington corps of correspondents. Colonel Halsey is to take orders, according to Mr. Clark's direction, only from Governor Mann and Maurice Selain, the latter chairman of the standing committee of correspondents.

The colonel promised solemnly to abide by the wishes of the donors and since that time has been busily engaged in exhibiting as handsome a sword as ever dangled by the side of a Virginia colonel.

### WANTS GOVERNORSHIP.

CLARK, S. D., Feb. 8.—Former Governor S. H. Elrod, whose administration is held up in contrast with the alleged extravagance of the present progressive administration under Governor Vessey, thus making a campaign issue, today announced his candidacy for the Republican gubernatorial nomination.

### UNIONS SUPPORT BILL.

The Central Labor Union begins today its campaign in favor of the Burdett bill to regulate contract labor hours in the District. Among other things this measure prevents contractors from bidding upon District work whose employees are required to work more than eight hours a day. According to the bill the District Commissioners are authorized to reject the bids at their discretion.

The men then ransacked the house. After being tied for two hours the woman managed to get the gag from her mouth and called for help.
